Capabilities Statement

Corporate Overview

PCI Guidehouse JV LLC is a small, disadvantaged business under the SBA 8(a) Business Development Program headquartered in Reston, Virginia. PCI Guidehouse JV LLC is a mentor-protégé joint venture comprising Poarch Creek Indians Professional Services (PCI-PS) and Guidehouse. PCI-PS and Guidehouse have successfully collaborated since 2021 on over 40 Federal engagements valued at over $130 million. Both firms supporting this mentor protégé joint venture deliver excellence to our Federal clients, separately and as a team.

We support executives and managers at all levels of government in maximizing the performance and efficiency of their organizations through creative, cost-effective solutions that optimize organizational structures, workforces, and workflows.

Potential Areas of Support

We provide a comprehensive suite of services which include:

Advanced AI & Data Solutions
Deliver digital technologies such as Artificial Intelligence solutions, robotic process automation (RPA), advanced analytics, and workflow solutions that can fundamentally transform Intelligence solutions, robotic process automation (RPA), advanced analytics, and workflow solutions that can fundamentally transform service delivery models, enabling agility and reducing reliance on low-cost geographies for captive shared service centers transform service delivery models, enabling agility and reducing reliance on low-cost geographies for captive shared service centers and business process outsourcing of labor savings.

Enterprise Technology Strategy
Help our clients drive vision, optimize investments, improve experience, and enable delivery. We deliver business results while helping the government maximize performance amid ever-tightening budgets and increased demand for services.

Technology Transformation
Assist clients in embracing technology as a disruptor, helping them adapt to continuously changing markets, leverage emerging tech, and help adopt new organizational models and tech-enabled business strategies.

Program Standup and Execution
Support the development and implementation of programmatic activities related to White House Executive Orders, OMB mandates, and other relevant federal policies, including requests for information from Congress.

Grants Management
Provide end-to-end grants management services, including Notice of Funding Opportunity (NOFO) development, applicant and grantee technical assistance, process and procedure development, risk assessment and monitoring, performance reporting and evaluation, project officer support, automated tool and dashboard development, and AI-enabled compliance assessment.

Customer Experience/Stakeholder Engagement Develop, refine, and continuously assess stakeholder engagement and customer experience plans for the office. This could include providing administrative, technical, and logistical support to implement the stakeholder engagement and customer experience activities.

Instructional Design and Training Development
Training strategy and quality improvement, Interactive webinar design and facilitation, eLearning course development, Learning Management System (LMS) administration, Section 508 compliance and accessibility, and Virtual reality content creation.
